Create PDF

`markstat` can add formatted text to a paragraph. You can *italicize*, ~~strikeout~~, and sub/super script$_2$. Also, you can easily add Stata results to your paragraph (mpg total = 1576.00)

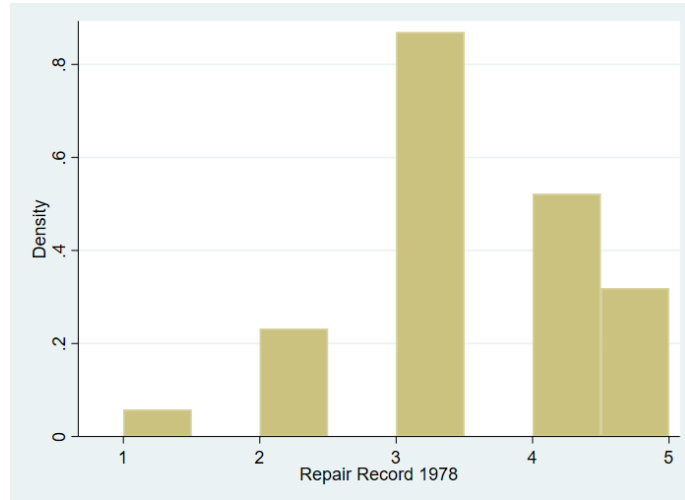

Figure 1: Frequency of Repairs

Embeb the output from a regression command into your pdf file.

mpg	Coef.	Std. Err.	t	P>|t|	[95% Conf. Interval]	
price	-.0009192	.0002042	-4.50	0.000	-.0013263	-.0005121
_cons	26.96417	1.393952	19.34	0.000	24.18538	29.74297

Embeb the data in Stata's memory into a table in your pdf file.

Origin	Total	Average	Max	Min
Domestic	52	19.82692	34	12
Foreign	22	24.77273	41	14
